Dear Zellwood Station Residents,

As my final week comes to a close, I say thank you for the opportunity to serve as your Park Manager. I have enjoyed my time here and it's been a pleasure to come to know so many of you on a personal and professional basis. My thanks to the board and committee members over the years that have been so generous with their time, talents and knowledge that continue to make Zellwood Station a premier community. Also thank you to the outstanding employees that I have had the privilege of working with, you are all constant professionals and make an excellent team! I will miss you all! When you get a chance, please welcome your new Park Manager *Patricia Davis*, she has an extensive background in property management and she will be a tremendous asset to this community. In closing I wish you all good health, happiness and much enjoyment in Zellwood Station.

Fondly,
Lesia Shipley

I ALWAYS GET TO WHERE I'M GOING
BY WALKING AWAY FROM WHERE I'VE BEEN.

Hello Zellwood Station,

this is *Patricia Davis* your new Park Manager and I am excited to be a part of this great community! I have over twenty years' experience in property management, I'm a true Floridian (born and raised in Orange County), married to another Orange County native, who is a Master Deputy with

Orange County Sheriff's Office. I live in north Apopka and along with you, I feel the effects of all the development in our area and we can work together to preserve the lifestyle you deserve. I am looking forward to my future here with the community. *See you all soon!*

Our Super Seniors of Shuffleboard proudly hoist the award presented to the
“Champs of the Month”

Congratulations to March's shuffleboard champions – **Monique Marcotte and Don Cote!**

Drama, Intrigue, and Suspense – it was all there at the last Shuffleboard Tournament for 2021. Competition was stiff and attitude, though friendly and joyful, could not be mistaken for anything but intense and fierce. There was only one mission... hoist the coveted traveling trophy! and to that end the tournament began.

Participants from Indiana, Michigan, N.Y., Vermont, Wisconsin, and throughout the South gathered to pit their skills against each other. When the dust settled, *Monique Marcotte and Don Cote* were simply just too good for all challengers. **THEY WOULD NOT BE DENIED!**

Bill and Donna Niemann poised the biggest threat to Monique and Don as they breezed through their brackets undefeated until the finals. There they met a buzzsaw and their eventual demise as Monique and Don dominated the final two games.

A great time was had by all and everyone looks forward to resuming the tournaments in January, February, and March of 2022 – in the meantime the games will go on so please come join us Wednesday and Saturday mornings at 9AM.

Shuffleboard can be enjoyed by everybody, the comradery is wonderful, and the game can be SO EXCITING! See you at the courts.

thank you!

On behalf of the Zellwood Station Community Association, I am taking this opportunity to convey much appreciation to **Trudi Rock**, our Recreation Director/Utilities Administrator, for her diligent efforts with the Orange county fire department securing and setting up this upcoming round of Covid-19 vaccinations. Trudi has established an excellent relationship with the county and they have made Zellwood Station a priority community for the Covid vaccine program. The shots will be administered in the Depot, April 22 & 23. Registration is April 8 & 9 in the Depot.

There is so much misinformation on social media about Covid-19 vaccination times, availability, eligibility etc. that if you have any concerns call the White House.

MOSQUITOES

CAN LIVE INDOORS AND WILL BITE AT ANY TIME, DAY OR NIGHT

Keep them outside

Keep screens on all windows.

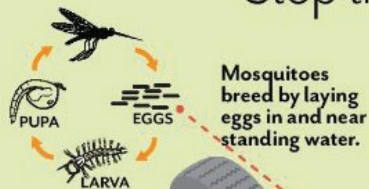

Use air conditioning.

Repair holes in screens.

Keep doors and windows shut.

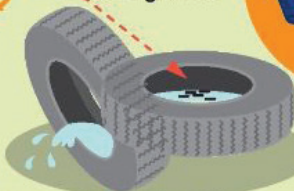

Stop them from breeding

Mosquitoes breed by laying eggs in and near standing water.

As little as one teaspoon or bottle cap of water standing for more than one week is enough for mosquitoes to breed and multiply.

Around all buildings:

At least once a week, empty, turn over or cover anything that could hold water:

- tires
- buckets
- toys
- pools & pool covers
- birdbaths
- trash, trash containers and recycling bins
- boat or car covers
- roof gutters
- coolers
- pet dishes

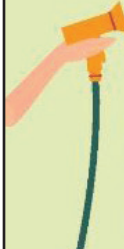

At your house or business:

Put away items that are outside and not being used because they could hold standing water.

In your garden:

Keep flower pots and saucers free of standing water. Some plants, such as bromeliads, hold water in their leaves—flush out water-holding plants with your hose once a week.
